

Due to the recent significant increase in local Covid-19 cases, we will be going back to curbside only service until further notice. While we appreciate that you, as pet parents, would prefer to be with your pet during his/her visit, we feel that the safety of you and our employees must remain our top priority. Please know that even though you won't be with them, we will still be providing the same excellent level of care to your baby! Thanks in advance for your understanding and patience during this time. When you arrive for your appointment time, please call 423-282-4113 or text 423-491-6290 for further instructions.

Shelley Brouillette, DVM
