

We are excited to announce that we will be reopening VMC to in person appointments beginning Monday, May 18th!

Although there will be some restrictions in place to maintain social distancing guidelines, we are looking forward to interacting with you, our clients, again!

We will still have the lobby closed, so please continue to call when you arrive, and we will escort you and your pet directly into an exam room when ready. There will be one-way traffic through the hospital as designated through arrows on the floor. We ask that you limit your visit to one family member per pet. We recommend the use of a face mask, but will not mandate it. Every VMC staff member will be wearing a mask.

Our goal is to keep you and the VMC staff safe, so we appreciate your continued cooperation and understanding as we navigate how to provide the best care we can for your pet!
